OBJECTIVE

Dedicated Junior Software Engineer with a strong foundation in Java programming and SQL database management. Eager to leverage technical skills in Java and MySQL to contribute to innovative projects and drive efficiency.

PROJECTS

- Course Registration** June 2024
Java Integration with MySQL Database
 - Tools & technologies used: NetBeans IDE,Java,MySQL
 - Developed a Java-based application to store and manage course and student data, with functionality to display enrolled students per course.
- Portfolio** July 2024
Front-End Web Development Project
 - Tools & technologies used: HTML,CSS,JavaScript
 - I created a portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects. The site has a simple and modern design with some interactive features. It's like an online resume where people can learn about my work.
